10" x 3"	16, 14 & 12
12" x 3"	14 & 12
14" x 3"	14 & 12

WHY CHOOSE STEEL?

- Steel does not promote mold and mildew, which means minimal maintenance.
- Steel has one of the highest strength-to-weight ratios of all building materials.
- Steel can work well on its own or in combination with other materials.
- Steel framing connections are much stronger than wood connections.
- Steel is non-combustible, which in many cases may lower your insurance premiums.
